

# Miami Cancer Institute

## Dental Oncology Conference Series

### Treatment and Management of Radiation Patients

Thursday, March 11, 6-7 p.m.

[Zoom — Miami Cancer Institute](#)

#### Michael T. Kase, DMD

Assistant Director, Advanced Education in Maxillofacial Prosthodontics

Section of Oral Oncology

Assistant Professor, Department of Oral and Maxillofacial Surgery, The Kirklin Clinic at UAB  
University of Alabama at Birmingham, Birmingham, Alabama

**Overview:** Osteoradionecrosis (ORN) is a well-known but uncommon side effect of radiation therapy (RT) for head and neck cancer, related to mandibular dose and risk of future dental extractions. Dr. Kase will discuss how to assess patients who would benefit most from contemporary treatment modalities in head and neck radiation. He will also discuss how to appropriately treat patients post-radiation.

Preregistration is required. Visit us online at [BaptistHealth.net/CME](http://BaptistHealth.net/CME).
